Rafael Uriel Rodríguez Torres

Senior Software Engineer | Frontend & Mobile

Guadalajara, Mexico | rurt98@gmail.com | github.com/rurt98 | rurt.dev

PROFESSIONAL SUMMARY

Software engineer with 5+ years of experience building production web and mobile applications. Specializes in frontend and mobile engineering with React, TypeScript, Vue.js and Flutter. Experienced in technical architecture, API integrations and product delivery across enterprise operations, urban mobility, healthcare and e-commerce, including applications published on iOS and Android.

PROFESSIONAL EXPERIENCE

Urban Connections | Senior Frontend Developer
Guadalajara, Mexico | Feb 2021 – Present

- Develop production frontend features using Vue.js, Astro and Tailwind CSS across mobility, healthcare and e-commerce products.
- Contribute to Viali, a Flutter-based urban mobility platform operating in Guadalajara, Querétaro and La Paz, integrating REST and GraphQL APIs.
- Partner with design and backend teams to translate Figma designs into responsive, visually consistent and performant interfaces.

Torres Atlantic | Managing Partner & Technical Director
Guadalajara, Mexico | Sep 2024 – Present

- Co-founded a product studio supporting funded teams from early product development through their first revenue.
- Oversee technical architecture and contribute directly to client product development.

Meddi | Mobile Developer
Guadalajara, Mexico | Sep 2020 – Jan 2021

- Developed Flutter features for a digital health platform providing occupational health services to corporate clients.
